

NEA Annual Meeting and Representative Assembly

2023 equals a new exciting opportunity to make a difference!

Ohio Education Association members have the opportunity to represent OEA's voice on the national level. Each year the National Education Association (NEA) hosts a Representative Assembly (RA) with delegates from all of its affiliates. Ohio delegates attend the NEA RA and get to cast their vote to help NEA in its mission for justice and excellence in public education.

Elections: The Time is Now

Local presidents are highly encouraged conduct their local elections to elect NEA RA delegates. Local presidents of affiliates with 76 or more members were emailed a link with their allocation directly from NEA alerting them to the number of delegates they may elect to attend the NEA RA. The following link can be used to find your local unit, allocation, and form to submit: www.nea.org/delegaterequirements Those locals should hold a nominations period for interested delegates, and then if necessary, hold an election to determine the delegate(s) that will represent their local. Local affiliates with 75 or fewer members may still get representation by having interested members complete and return a Cluster Delegate declaration form (found at www.ohea.org/NEA-RA) by April 10, 2023. OEA encourages all interested members to run for one of the delegate opportunities.

The 2023 NEA RA will be held in Orlando July 3 – July 6.
